ALFA ROMEO 4C SEAT BRACKETS MOUNTING INSTRUCTIONS

1   Join the specific seat brackets (E) to the Sparco sliders (G) using part B.

2   Join the lateral seat supports (F) to the Sparco sliders (G) using C.

3   Bolt the joined parts to the seat using A.
    IMPORTANT
    You should to adjust the distance between specific seat brackets (E) in 328mm and adjust the handle if it's necessary.

4   Bolt the stock seat belt anchor to the seat belt anchor mounting point in the lateral seat support (F) using part D.

5   Finally, bolt your seat in your car using part H.

NOTE: If you don't have sliders (G) you only should to join the parts E and F using part B and continue the following steps.
